DECOMMISSIONING TRUST AGREEMENT OF 1981

On March 24, 1981, Chem-Nuclear Systems (Chem-Nuclear) entered into a formal Trust Agreement with the State of South Carolina to provide monies for establishment of a Decommissioning Trust Fund. The Agreement establishes the State Treasurer as the "trustee" of the fund and the State Budget and Control Board (SC B&CB) as the "beneficiary." The Decommissioning Trust Fund and expenditures from the fund are audited in a number of ways. Agreement requires the trustee to provide the grantor (Chem-Nuclear) and the beneficiary (B&CB) with an annual accounting of both the Principal Account and the Income Account of the Trust. Chem-Nuclear evaluates the adequacy of the Decommissioning Trust Fund each year and submits that evaluation to the South Carolina Department of Health and Environmental Control (DHEC). Chem-Nuclear submits requests for reimbursements from the Decommissioning Trust Fund to DHEC for technical concurrence and approval and then to the B&CB staff for approval. Each request includes supporting documentation such as invoices from contractors and suppliers and a summary of activities for which the request is submitted.
